Why Adopt the VRMS?

The screenshot displays the PMI VRMS interface. At the top left is the PMI logo with the text "Volunteer Relationship Management System". To the right, a white box contains the text "Post Opportunities, Find Volunteers" in orange. Below this is a dark blue navigation bar with links for "Home", "Volunteer", and "Profile". The main content area is divided into two columns. The left column is titled "Find an Opportunity" and contains the text: "When you select the Find an Opportunity link below, you can search for chapter, community and global volunteer opportunities which are open for application. Your search results will". The right column is titled "Update Your Volunteer Profile" and contains the text: "When you select the View and Update Volunteer Profile link below, you can review your profile information and update your PMI volunteer service history. Your service history includes".

Keynote: Lt. General Russel Honoré (Ret)

Take Advantage of Professional Development

The PMI-SP® certification recognizes demonstrated knowledge and competency in advanced project scheduling techniques.

The PMI-RMP® certification recognizes demonstrated knowledge and competence in the specialized area of assessing and identifying project risks, mitigating threats and capitalizing on opportunities.

The PMI-ACP® certification validates a practitioner's ability to understand and apply agile principles, practices, tools, and techniques on projects.

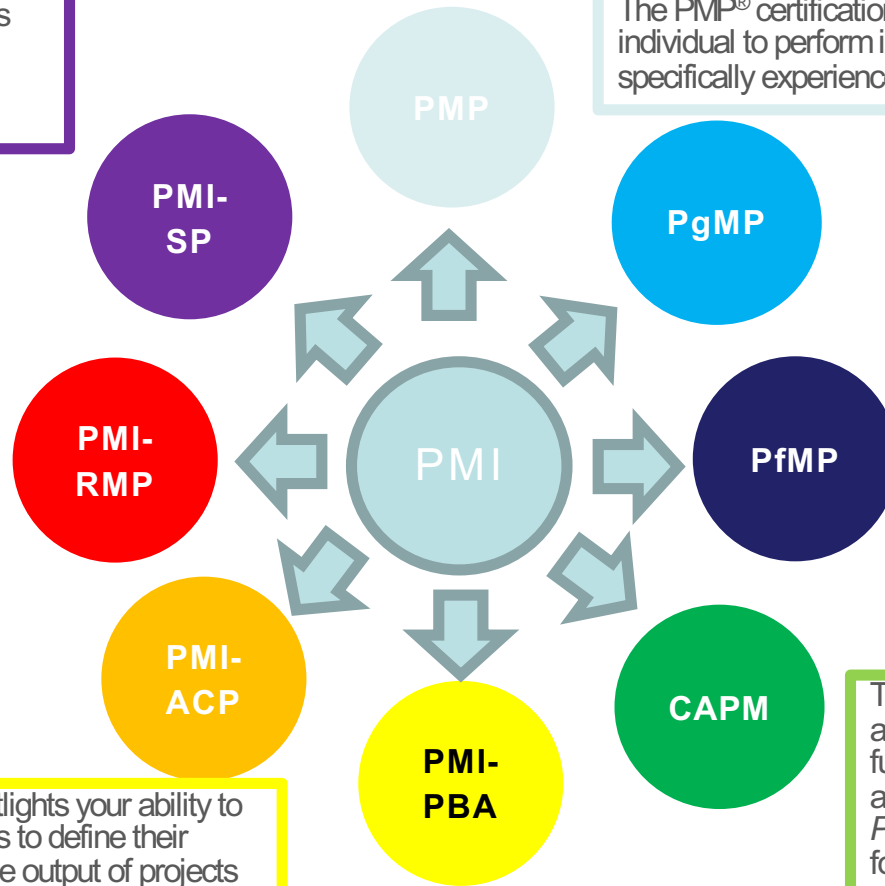

The PMI-PBASM certification spotlights your ability to work effectively with stakeholders to define their business requirements, shape the output of projects and drive successful business outcomes.

The PMP® certification recognizes competence of an individual to perform in the role of a project manager, specifically experience in leading and directing projects.

The PgMP® certification recognizes demonstrated experience, skill and performance in the oversight of multiple, related projects that are aligned with organizational objectives.

The PfMP® certification recognizes the advanced experience and skill to help align portfolios with strategy.

The CAPM certification recognizes an understanding of the fundamental knowledge, processes and terminology, as defined in the *PMBOK® Guide*, that are needed for effective project management performance.
